## HOUSE VOTING ON GRADUATED TAX FOR AUTO OWNERS

Auto Association Says Bill Is Improvement Over Original.

## INCOME TAX BILL TO BE INTRODUCED IN BOTH HOUSES

Undecided As To Whether Effort Will Be Made to Pass It Before Jan. 1.

Columbus, Dec. 3.—The house of representatives was prepared to vote this afternoon on the graduated automobile tax law, the first taxation measure submitted by the joint taxation committee as a part of the general assembly's taxation program.

Under the new schedule of rates as proposed yesterday, considerable opposition by automobile owners is said to have vanished. Fred Caley, secretary of the Ohio Automobile Association, says the bill is a considerable improvement over the original. Secretaries of all automobile associations will meet here tomorrow to discuss the measure. It was stated by senate leaders today that no effort will be made to pass the bill in the senate before next week.

The income tax bill was introduced in both houses this afternoon by the joint taxation committee. It has not been decided whether effort will be made to pass it before January 1. There is a division of opinion as to whether it will have to be enacted into a law before that time in order that it will be of use during the coming year.

Columbus, Dec. 3.—Because of growing opposition among legislators to the Hughes health bill which was enacted during the last session of the assembly it is understood that it may be repealed outright during the present session. It was rumored today that Senator Whitmore, majority leader, will introduce the bill for repeal.

Friends of the measure, realizing the opposition to it had hoped to have it (Continued on Page 11, Col. 2)

## GAS FROM W. VA. TO BE CURTAILED

Commission Provides For Transferring Gas Going to Northern Ohio.

Columbus, Dec. 3.—On top of an already acute coal shortage many northern and northern Ohio cities are facing a big curtailment of their gas supply from West Virginia as a result of an order of the West Virginia utilities commission just brought to the attention of Ohio authorities.

According to information reaching Attorney General Price the West Virginia commission has provided for a connection of the lines of the Hope Natural Gas company of West Virginia, which supplies northern Ohio with gas with the lines of the West Virginia Traction and Electric company.

If authority of the commission given the Hope company is carried out it will mean the diversion of 2,000,000 cubic feet of gas a day to the West Virginia Traction and Electric company and consequently loss of this amount to the Ohio companies which it supplies. The contract which the commission has approved calls for 250,000,000 cubic feet of gas to be furnished the traction and light company in the next nine months.

The Hope company is a producing and transmitting company and among its clients are the Northwestern Ohio Natural Gas company, of Toledo and the East Ohio Gas company, of Cleveland.

These latter companies supply gas to Toledo, Cleveland, Canton, Akron, Youngstown, Niles, Massillon, Ravenna, Warren, Uhrichsville, Dennison, New Philadelphia and other smaller northern Ohio municipalities.

Attorney General Price is preparing to take action in the federal courts to prevent the action being carried out. It is regarded as a dangerous precedent. Ohio and Pennsylvania officials last spring brought suit in the United States court to prevent the enforcement of the Steptoe bill passed by the West Virginia legislature which was designed to curtail the supply of gas from that state to Ohio and Pennsylvania. This case is still pending in the supreme court.

Price said he may seek an injunction in the federal courts to restrain the latest action of West Virginia officials to curtail Ohio's gas supply.

Princess Zonia is the wife of Prince Enrico Allietta di Villafranca, brother of the present head of a noble Italian family, Gabriel, fourth prince of Villafranca. She is the daughter of Don Carlos de Ortuza and was married in Rome in 1912. She is noted in her country for her beauty.

## GET CARLISLE THE LAUGHING BANDIT

Is Shot Through Lung and May Face Death in Electric Chair.

Douglas, Wyoming, Dec. 3.—Two score more years of prison life, possibly death in the electric chair confronted "Bill" Carlisle, train bandit, as he lay in a hospital with a bullet hole in his chest while armed guards hovered in the background of hospital nurses to prevent escape.

Carlisle, the artful train robber, who for three weeks had laughingly defied civil, railroad and private detectives, was captured yesterday near Glend, Wyo., after he had been seriously wounded.

The well-known bandit, who had secluded himself in the cabin of Frank Williams, about 18 miles from Douglas, fought desperately the posse which had been in pursuit until he fell from his wounds. He was shot through one lung, but doctors said the wound was not necessarily fatal.

Suffering from his wound and benumbed by the extreme cold, Carlisle was brought to the Douglas Hospital, said: "I am glad the chase has ended."

Carlisle attracted nationwide interest when, after escaping from the penitentiary in this state, he held up and robbed the passengers on a Los Angeles limited on Nov. 18. After that escape, messages purporting to be from him and taunting officials because of the value of the train robbery, were received throughout the country.

Carlisle was shot down in a cabin yesterday by Sheriff Roach of Wheatland, as the bandit, cornered, reached for an automatic pistol to give battle. The posse had trailed Carlisle since Sunday morning, through a blizzard, by team, on horseback and finally on foot, when drifts of snow were encountered too great for a mount to traverse.

The outlaw who had eluded pursuit since his escape from the state prison at Rawlins, November 15 and subsequent robbery of the Los Angeles limited train near Medicine Bow, November 18, was strapped to a pack horse for the descent down Larimer peak, 18 miles southwest of here, then bundled into an automobile and rushed to this city.

Just what disposition will be made of him has not been determined. He was serving a life sentence which had been commuted to from 25 to 50 years when he escaped. In the meantime a new crime for which death is the possible penalty has been committed by the outlaw. Carlisle will not die from his wound his physicians say. He has been in Wyoming since the train robbery.

## CLAIM IT WILL NOT AFFECT OHIO TOWNS

Charles W. Va., Dec. 3.—The diversion of natural gas from the mains of the Hope Natural Gas company to the West Virginia Traction and Electric company, recently ordered by the West Virginia public service commission, would affect Pennsylvania and not Ohio towns, it was stated by G. R. C. Wiles, chairman of the commission, here today.

## WILL SIGN PROTOCOL IF CERTAIN FEATURES REMOVED

Paris, Dec. 3.—Germany is willing to sign the protocol putting the peace treaty into effect the moment certain clauses objectionable to her in the protocol are eliminated, Baron Kurt von Lersner, head of the German delegation here told the Associated Press this afternoon.

## COAL SHORTAGE THROWS STEEL WORKERS IDLE

Gary, Ind., Dec. 3.—Eight thousand steel workers were thrown out of work here today when the American Sheet and Tin Plate company, the largest manufacturing concern of its kind in the world, was forced to close down because of the coal shortage.

## MINE OPERATORS MEET TO CONFER ON NEW INCREASE

Optimism Continues In Official Circle In Spite of Outlook.

## NO INCREASE IN TONNAGE WHICH IS 40 PCT. OF NORMAL

May Cite Mine Workers For Contempt of Court

Washington, Dec. 3.—Mine operators from all parts of the country gathered here today to work out details of the 14 percent wage increase suggested by the government for bituminous coal miners. While the session officially was restricted to operators located in the central competitive field, representatives from the other sections were on hand to gather facts on which to base future adjustments. It was said that the findings of the central field committee probably would be submitted to Fuel Administrator Garfield for ratification but that several days would be needed to work out problems presented.

Continued optimism in official circles was marked, although production figures available showed no increase in daily tonnage. This is now estimated semi-officially at better than 40 per cent of normal. Operators representing the Alabama fields, gathered for the wage discussion, said production which had been normal there had dropped to about 30 per cent, union representatives being active in attempting to call men out. Central Pennsylvania mine owners reported partial production, while West Virginia, Kentucky and Tennessee representatives continued to insist that the mine outputs soon would be back to normal.

In the central district, however, hardly a pound of coal is being produced except by wagon mines and a strip pit of two, operators said.

## EXPECT CITATION FOR CONTEMPT OF COURT

Indianapolis, Indiana, December 3.—Contempt of court proceedings were to be instituted against all the general officers of the United Mine Workers of America and whom the temporary injunction issued by Judge A. B. Anderson, of the United States district court here, forbade to picket the end of the day, according to information obtained from an authoritative source.

Indianapolis, Ind. Dec. 3.—Citations for contempt directed against members of the United Mine Workers of America, and possibly against coal mine owners, are expected within the next 24 hours as the government's next step in its effort to bring about an end of the strike of bituminous coal miners.

It became known yesterday that a mass of evidence against alleged violators of the strike injunction has been collected by agents of the department of justice and that proceedings will be instituted immediately.

Government attorneys take the position that the strike injunction has been violated by the United Mine Workers of America, and possibly against coal mine owners, are expected within the next 24 hours as the government's next step in its effort to bring about an end of the strike of bituminous coal miners.

## CHICAGO HAS DRASTIC COAL SAVING PLAN

Chicago, Dec. 3.—Fifty per cent reduction in the number of steam and interurban railway trains, closing of all department stores two days a week, and all theaters one night a week, and the limitation of business hours for all stores to between 11 a. m. and 8:30 p. m. were among the measures ordered today for conservation of fuel by the Chicago public utilities commission. Trains on elevated roads are to be reduced to one car except during the rush hour, morning and evening.

Limitation of street lighting also was ordered by the commission. It was stated that not more than 25 days supply of coal remained in the possession of Chicago public utilities, and that virtually no coal is being received in the city. The commission supported by Governor Frank C. Lowden, who is in Chicago today, held that most extraordinary measures of restriction are necessary to prevent a public calamity.

## INTERESTING TALKS AT FELLOWSHIP DINNER

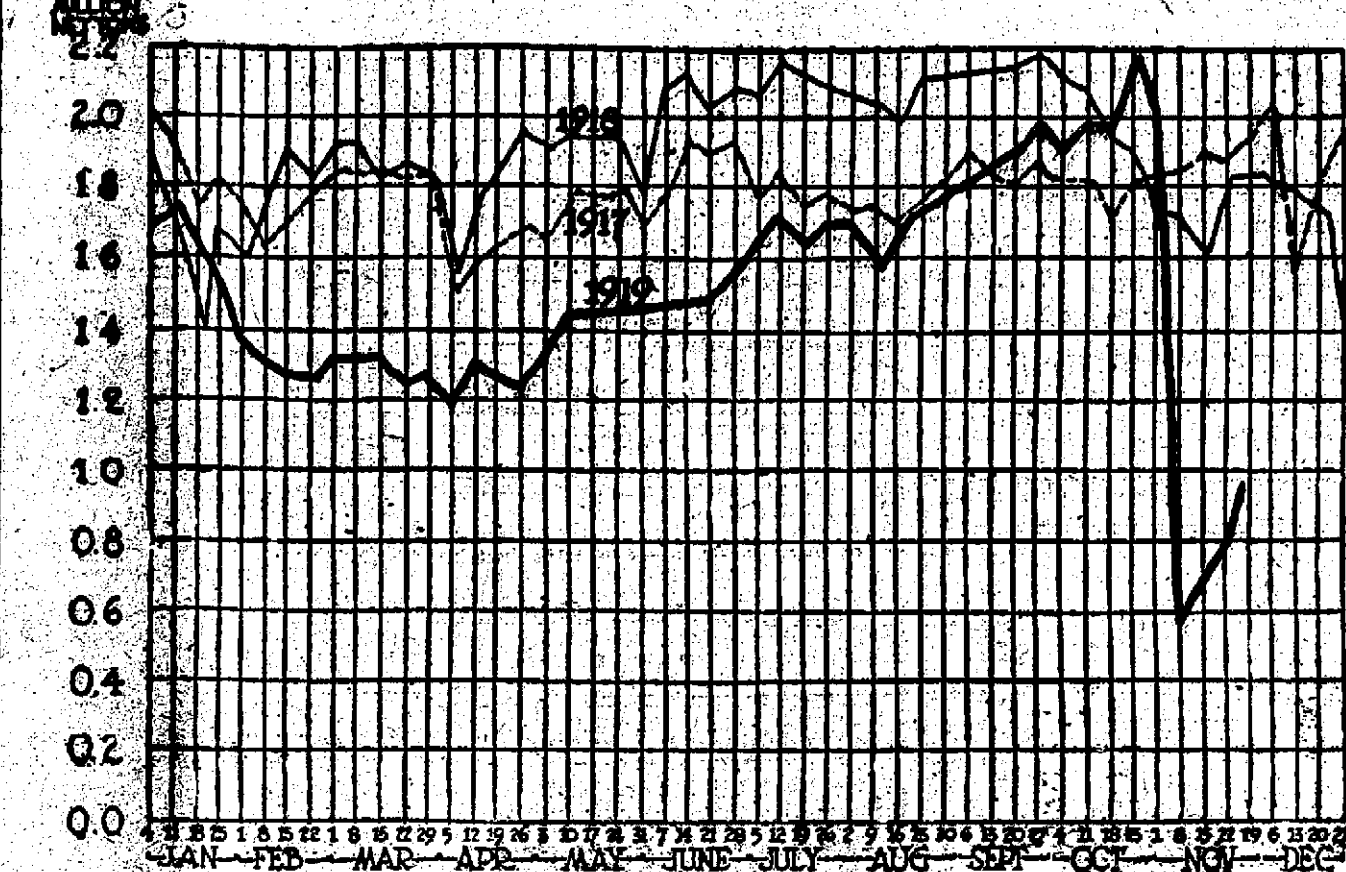

A fellowship dinner for the men and their friends was given at the Second Presbyterian church Tuesday evening at 6 o'clock when 106 sat down to an appetizing chicken dinner.

A. B. Schaeffer introduced the pastor, Rev. B. R. Weld, who in turn introduced the speakers. Dr. Walton Whallon, pastor of the Central Presbyterian church of Zanesville, spoke on the attitude of the church and the church work. Captain E. D. Leach of the Newark Chamber of Commerce talked on the attitude of the church and its members to the community at large. On the committee of arrangements were A. B. Schaeffer, A. Wintemute and Lawrence Krieg.

## SENATE TO INVESTIGATE FORD-NEWBERRY CASE

Washington, Dec. 4.—Investigation of the Ford-Newberry senatorial election contest from Chicago was authorized today by the senate, which adopted resolution by Senator Pomerehne, Democrat, Ohio, providing for the inquiry.

## PRODUCTION OF SOFT COAL IN U. S. NOW ALMOST HALF NORMAL

The United States geological survey has prepared a graph showing the bituminous coal production this year as compared with that of the last two years. This indicates the huge production the last full week before the strike and then a falling off during the five working days immediately preceding the walkout. Then came the big drop from 2,200,000 tons daily to 600,000 tons. Since then the production has gone up until it was 33 per cent of normal at the end of the second week of the strike, and 44.8 per cent of normal during the week ending November 29.

## RAILROAD MESSAGE DELAYED UNTIL AFTER CONFERENCE WITH CHAIRMEN OF COMMITTEE ON PENDING BILLS

Washington, Dec. 3.—President Wilson will not begin preparation of his special message to congress on the railroad situation until Federal Director General Elkins has conferred with Senator Cummins and Representative Bach, chairman of the senate and house interstate commerce committees on the pending railroad bills. It was said today at the White House.

It was intimated that the status of the legislation might be such that the president would not regard it as necessary to address congress on the subject. Leaders in congress are determined to press the bills, but they have expressed doubt that their enactment could be completed before the Christmas holidays.

Each of the measures provides for the return of the roads to private operation within a specified time, but they are different in other respects, particularly as to the method of dealing with strikes and lockouts and these differences will have to be composed in conference.

In view of the president's statement to congress yesterday that he expected to treat the railroad question in a separate message, there has been speculation in official and railroad circles as to whether he intended to adhere to his previously announced plan to return the roads to private operation by January 1.

Some officials and railroad men are of the personal opinion that the president may await action of congress on the pending legislation. Those at the White House, refuse, however, to comment.

## COUNCIL TRIES TO GET STREET CARS

Propose Ordinance Suspending Ouster—Would Give Company Seven-Cent Fare.

Toledo, Dec. 3.—City council will meet in special session at noon today to act on an emergency measure, which is passed will result in immediate resumption of street car service.

The proposed ordinance would suspend the ouster passed by council last June and ratified by the voters on November 4, which resulted four days later in the cars being withdrawn.

The council, drawn up by a member of the council, would give the Toledo Railways and Light company a seven-cent fare with one cent for transfers. The prevailing rate when the cars were running was six cents and two cents for a transfer.

The ouster was enacted ordinarily by a 14-alderman vote of 14 to 4. After the voters had ratified it, the cars had left the city and an attempt to repeal the vote stood 13 to 2 against repeal, with one member of the body absent. Twelve voters are required under the city charter.

Call for the meeting followed word that petitions seeking the recall of Mayor Cornel Schreiber, who drafted the ouster, and the 14 councilmen who voted for it, had been prepared for circulation by downtown merchants.

Judge John M. Kilgus of the United States district court who advised the special meeting, will, if the ordinance passes, issue a court order restoring service immediately.

## SIMPLE SERVICES FOR MILLIONAIRE FRICK

New York, Dec. 3.—Simple funeral services for Henry Clay Frick, millionaire iron master, who died suddenly yesterday, will be held from his Fifth Avenue home at 4:30 o'clock this afternoon. Only members of the family and close friends will be present. The body will lie in state until the hour of the services. The Rev. Dr. Leighton Parks, rector of St. Bartholomew's Protestant Episcopal church will officiate. The body will be taken to Pittsburgh on a special train at 11:30 o'clock tonight. Interment will be there tomorrow morning.

## DENMARK'S WOMAN SENATOR IS HERE

Fru Marie Hjelm.

Fru Marie Hjelm, who occupies a seat in the upper house of Rigsdag of Denmark, is now in this country where she served as adviser to the Danish delegation during the industrial conference of the league of nations. Senator Hjelm, for several years a member of the municipal council of her small city, was elected last year to the Landsting, the upper house of the Rigsdag. She has recently been instrumental in leading to victory a woman's equal pay bill.

## NAME CANDIDATES FOR PRESIDENT

Republicans, Democrats and Non-Partisans of North Dakota Selection.

Pierre, N. D., Dec. 3.—Major General Leonard Wood, President Woodrow Wilson, and Governor Lynn J. Frazier of North Dakota, today had the endorsement for president of the United States of the Republicans, Democrats and non-partisan league, respectively of South Dakota. The endorsements were made at the state convention of the three parties last night. The Democrats endorsed Vice President Marshall for a third term, while the Republicans gave their endorsement to Governor Coolidge of Massachusetts, for the vice presidency.

The Democratic platform had for its keynote permanent peace, under the League of Nations, while Americanism stood out as the paramount issue of the Republican resolution. Both Democrats and Republicans endorsed the League of Nations covenant, the former unreservedly and the latter "with proper reservations."

Other nominations included: Republicans: For governor, W. H. McMaster; United States senator, Governor Peter Norbeck. Democrats: For Governor, W. W. Hawes; United States senator, E. J. Johnson.

Non-Partisan league: For governor, Mark P. Bates; United States senator, Thomas Ayres.

## ASKS WILSON TO SEVER RELATIONS WITH MEXICANS

Chairman of Senate Committee Introduces Resolution.

## CHARGES EVIDENCE WILL SHOCK WORLD WHEN GIVEN

Says Officials Distribute Propaganda In The United States.

Washington, Dec. 3.—A resolution requesting President Wilson to sever diplomatic relations with Mexico was introduced today by Senator Fall, Republican, New Mexico, chairman of the senate committee charged with an investigation of the Mexican situation.

Explaining his resolution which asked that the President withdraw recognition of Carranza, Senator Fall declared it was based on evidence which would "astound the world" when produced. The resolution was referred to the foreign relations committee.

On charge, said Senator Fall, that the Mexican embassy in the United States general in New York and the consulate general in San Francisco have been actively engaged in the distribution of Bolsheviki propaganda and that this has been done with the knowledge and consent of Venustiano Carranza.

State department officials were marking time today awaiting word from Mexico City of the official delivery of the latest American note to the Mexican government and the subsequent action inspired by it. The message was garbled in transmission and this delayed its presentation to President Carranza.

In some quarters it was believed that Carranza would order the release of Jenkins soon after receiving the message and prevent a complete break between his government and the United States. Private advices from Mexico indicated that some of the Mexican officials were not taking the negotiations seriously and felt that it involved an on interchange of diplomatic notes and would result amicably.

A different attitude was evident at the state department, however, where the situation was being considered gravely and should the American government's request to release American consular agent Jenkins without delay, (Continued on Page 2, Col. 2)

## GERMANY NOT TO SIGN PROTOCOL

Claim U. S. Senate's Failure To Ratify Treaty Has Affected Attitude of Germany.

Paris, Dec. 3.—Germany has decided not to sign the protocol presented to her by the allies as a condition for putting the peace treaty into effect, the peace conference has been notified.

It was learned today that Baron Kurt von Lersner, head of the German delegation here called on Secretary Dastuta of the conference on Monday and told him that Germany had made such a sharp reaction in Germany within the last fortnight. Trained observers of German departments have expressed to members of the peace conference the view that there has been a complete transformation of the situation in Germany and that it is due to the failure of the United States senate to ratify the peace treaty.

These observations, while the vast majority of the Germans before the senate's adjournment, desired the peace treaty ratified as soon as possible, they are now supporting the government's attitude in raising the demands of the allies for indemnity for the sinking of the German fleet at Scapa Flow, recompense for which is provided in the protocol.

The question upon which the German representatives here, however, appear most sensitive is the insistence upon the trial of German officers accused of the commission of crimes in France and Belgium.

Thus far, it is stated, no indications have reached Paris of any disposition on the part of Germans to modify their attitude.

The supreme council today addressed a note to Germany protesting against the increase of Germany's armament, contrary to the provisions of the peace treaty.

## MOTOR HUT FOR ARMY ENLISTMENTS

Hut Truck No. 3, in charge of a major and five privates from Camp Sherman was in the city over night and left this morning on its way to Cleveland, making stops at Coshocton, New Philadelphia, Akron and Canton, in an endeavor to secure enlistments for the new army which the government is establishing.

Three of these motor hut trucks left Camp Sherman yesterday, the other two going to Pittsburgh and Cincinnati. The huts are fitted out with office furniture including typewriter, a tent, cot and lights and one man sleeps in the hut at night. The tent is erected wherever the motor hut is parked.

Literature is distributed, telling of the educational work in the afternoon. The men and officers gather in community work twice each week in the evenings and there are also two dances per week in the big community house at Camp Sherman.

According to the literature the army is not looking for bums or park bench warmers but for active young men. Illiterates were formerly not accepted but under the new plans are enlisted, taught and educated. The hut left here this morning on its way to Coshocton but the officer in charge stated that he expected to return to this city in the future and hoped to secure a good class to send to Camp Sherman.

## CHARGES HE WOULD NOT VISIT SICK CHILD

Charging that her husband had bought her but one pair of shoes since their marriage and had never bought anything for their eight-month-old baby, Emma McGee, through her attorney, E. G. Smythe, has filed a petition in the court of common pleas against Perry V. McGee.

The couple was married in Zanesville Aug. 22, 1917, and are the parents of a boy aged 18 months. The defendant is charged with gross neglect and failure to provide and plaintiff alleges that after their marriage they lived with her parents and her husband never paid for her support.

She also alleges that the child is sick and that the defendant refuses to visit him and she also charges him with extreme cruelty in that he has falsely accused her in the presence of other persons of being guilty of intimacy with other men. Plaintiff asks that she be granted a divorce and that she be given the care, custody and control of their minor child and for all other relief to which she may be entitled.

## LEAVE IT UP TO CARRANZA TO SETTLE

Mexico City, Tuesday, Dec. 2.—The solution of difficulties arising out of international affairs with the United States were entrusted to President Carranza without legislative intrusion by the senate by the secret session held today. Relations with the United States were declared during the session as being "very delicate."

## JENKINS WRITES FRIEND TELLING OF HIS PLIGHT

Nashville, Tenn., Dec. 2.—"I am now in prison because I refuse to give bail for one cent, as I will not even compromise with them under any circumstances," W. O. Jenkins, the American consular agent in Puebla, Mexico, states in a letter received today by John B. Edgerton of Lebanon, Tenn., who was captain of the Vanderbilt football team when Jenkins played tackle.

Writing in the Puebla Centennial Jenkins said:  
"I regret very much the great notoriety that has been given to my hard luck in being carried away by some bandits who live near here, but it has been unavoidable, although the incident would have been forgotten if the authorities had not tried to cover up their criminal responsibility in allowing this city to be underserved by charging me with my own abduction. So they have used every means possible to get certain evidence to cover up their absurd pretensions."

"I have never in all my life seen such a farce as they are carrying out here for I have been condemned without being allowed to present a single witness in my behalf, though I had them ready and even presented them to the courts, but was told that they were too busy to hear them."

"At the present moment (November 21) the secretary of the embassy at Mexico City is here taking this testimony that it may be presented to the state department inasmuch as the courts refuse to accept it."

"I have plenty of testimonies to offset any false evidence that they may possibly produce, but as I say, Mexican justice is of a certain brand at the present time and it can not be changed."

## HESS BUYS ANOTHER FILLING STATION

A. P. Hess late yesterday purchased the Swank filling station in North Fourth street and took possession today. Swank a few weeks ago disposed of his West Main street filling station to O. H. ## WOMEN NEED SWAMP-ROOT

Thousands of women have kidney and bladder trouble and never suspect it. Women's complaints often prove to be nothing else but kidney or bladder disease.

If the kidneys are not in a healthy condition, they may cause the other organs to become diseased.

Pain in the back, headache, loss of ambition, nervousness, are often times symptoms of kidney trouble.

Don't delay starting treatment. Dr. Kilmer's Swamp-Root, a physician's prescription, obtained at any drug store, may be just the remedy needed to overcome such conditions.

Get a medium or large size bottle immediately from any drug store. However, if you wish to test this great preparation send ten cents to Dr. Kilmer & Co., Binghamton, N. Y., for a sample bottle. When writing be sure and mention the Advocate. 12-3V-17

## NATIONS INDUSTRIES DISRUPTED BY STRIKE

Chicago, Dec. 3.—Further disruption of national industry because of the fuel shortage brought about by the strike of bituminous coal miners was in prospect today. Regional directors of railroads had authority to suspend passenger trains, where the public would be least inconvenienced and many additional manufacturing plants throughout the country faced shut-downs either through exhaustion of their coal supplies or the strict rationing decreed by the federal fuel administrator.

State executives, who under appeals from their constituents for aid, have sought ways and means for replenishing the dwindling fuel supply, today were virtually without power to assist in present fuel conditions. Only in isolated instances were reports of a change of front on the part of the miners. A slight ray of hope, however, was found in optimistic reports from operators of the district embracing southeastern Kentucky, Tennessee and Virginia that the backbone of the strike had been broken; the return to work of miners at one small mine in Missouri, with the statement that they were ready to work on their own terms, and the adoption by miners of one West Virginia sub-district of a resolution favoring a general return to work under the 14 percent wage increase "until a satisfactory adjustment is made."

On the other hand cutting off of electric advertising and other non-essential use of power and fuel, with the added prospect of further curtailment of industry, brought to the general public a rather gloomy outlook. Some regional coal directors estimated that with reduction of working staffs already made or threatened, should the strike not be broken immediately, the number of employees thrown out of work soon would surpass several times over the approximately 400,000 mine workers involved in the walkout.

Conditions at the mines today showed no appreciable change from yesterday. There was no indication of an intention to resume production in the great central competitive field, Illinois, Indiana, Western Pennsylvania and Ohio.

The output of the surface mines in Kansas being worked by volunteers under protection of state and federal soldiers, today promised to be increased. The governor of Nebraska today urged men of his state to volunteer to work in the mines of nearby coal producing states and the dispatching of troops into the coal fields of Missouri was regarded by some as a forerunner of attempted state operation of those mines.

From the mine operators themselves, however, came some opposition to sending inexperienced men into their shafts. The West Virginia mines today continued to be the chief producers of soft coal, as the heavy burden of the cost of the strike, Wyoming miners who walked out two days ago in protest against the 14 percent wage increase today were under orders of the state officials to return to work. The new strike was not sanctioned.

## HUDNUTS Quickmush

It's Great!

## Tempting, Satisfying

Mothers marvel at the way the children take to it. They love its rich creamy flavor.

A tempting, satisfying food for grown-ups too. Just the thing for invalids and folks on a diet.

Wholesome, easily digested, perfectly balanced—its fresh flavor appeals to all the family.

Try these Delicious Dishes for Breakfast,  
Lunch or Dinner

For rich creamy cereal, stir one cup of Quickmush into five cups of cold water, salted to taste. Boil ten minutes and serve piping hot with cream and sugar.

One cupful of Quickmush makes enough cereal for five people.

For Fried Quickmush, put leftover cereal in a mold. When cold, slice and fry to a crisp brown. Serve with butter and syrup.

These are typical of the many economical "fluffy-tasty" dishes that can be prepared with Quickmush.

## CITY FIREMAN L. A. M'KINNON FOR NERV-WORTH

Convincingly Reports That He Is Much Improved In Every Way.

One of Sidney's best known and most highly esteemed citizens is the giver of the following statement. L. A. McKinnon has been a member of the city fire department for 20 years and what he says has weight and force.

Nerv-Worth Co.—I have used some of your Nerv-Worth and find it very beneficial. I had stomach trouble. Gas formed in my stomach causing much bloating. My blood circulation was bad and at times I had dizzy spells. Since using Nerv-Worth I am much improved in every way.

L. A. M'KINNON,  
Sidney, Ohio.

In talking to the Nerv-Worth demonstrator about the matter, Fireman McKinnon added to the above that his sleep was much more continuous and restful than before he began taking Nerv-Worth, making it unnecessary for him to get up as often in the night as before.

## DRIVE AWAY HEADACHE

Rub Musterole on Forehead and Temples

A headache remedy without the dangers of "headache medicine." Relieves headache and that miserable feeling from colds or congestion. And it acts at once! Musterole is a clean, white ointment, made with oil of mustard. Better than a mustard plaster and does not blister. Used only externally, and in no way can it affect stomach and heart, as some internal medicines do.

Excellent for sore throat, bronchitis, croup, stiff neck, asthma, neuralgia, congestion, pleurisy, rheumatism, lumbago, all pains and aches of the back or joints, sprains, sore muscles, bruises, chilblains, frosted feet, colds of the chest (it often prevents pneumonia). 30c and 60c jars, hospital size \$2.50.

## WHAT A MOTHER SAYS

Cleveland, Ohio:—"During expectancy I was sick for three or four months, my strength left me and I became weak and nervous and just felt miserable."

I began taking Dr. Pierce's Favorite Prescription and my strength returned very rapidly and I felt very well the remainder of the time. My baby was a very strong, healthy child and always has been. I would especially recommend 'Favorite Prescription' to the expectant mother."—Mrs. BESSIE BAYMAGNER, 2354-77th St., E.

Cleveland, Ohio:—"I think Dr. Pierce's medicines are all fine. I have given the 'Favorite Prescription' to my daughters when they were growing into womanhood and it proved very beneficial to them. We have also used the 'Golden Medical Discovery' as a tonic and blood purifier and it proved equally as beneficial as the 'Favorite Prescription.' I take pleasure in recommending these good medicines of Dr. Pierce's."—Mrs. J. H. WALLS, 1766 E. 16th Pl.

## Was Run Down, Nervous

Ashtabula, Ohio:—"Dr. Pierce's Favorite Prescription is an excellent woman's tonic. I was run down, weak and nervous and was feeling very bad when I began taking 'Favorite Prescription' and I must say it was very quick in giving me relief and building me up in health and strength."—Mrs. EMMA SCHULZ, 244 West St.

## PIMPY? WELL, DON'T BE

People Notice It. Drive Them Off with Dr. Edwards' Olive Tablets

A pimply face will not embarrass you much longer if you get a package of Dr. Edwards' Olive Tablets. The skin should begin to clear after you have taken the tablets a few days and liver with Dr. Edwards' Olive Tablets, the successful substitute for calomel; there's no sickness or pain after taking them. Dr. Edwards' Olive Tablets do that which calomel does, and just as effectively, but their action is gentle and safe instead of severe and irritating. No one who takes Olive Tablets is ever cursed with a "dark brown taste," a bad breath, a dull, listless, "no good" feeling, constipation, torpid liver, bad disposition or pimply face.

Olive Tablets are a purely vegetable compound mixed with olive oil; you will know them by their olive color. Dr. Edwards spent years among patients afflicted with liver and bowel complaints, and Olive Tablets are the immensely effective result. Take one or two nightly for a week. See how much better you feel and look. 10c and 25c.

## PALE CHILDREN NEED GUDE'S PEPTO-MANGAN

Unnatural for Children to be Pale and Thin—Foliness is Sign of Thin, Watery Blood.

PEPTO-MANGAN MAKES RED BLOOD

Prepared in Liquid and Tablet Form—Both Possess Identical Medicinal Qualities.

It is necessary for boys and girls to laugh, romp, play, and enjoy themselves, for it is at that stage of life that the foundation is laid for future health. Prompt attention should be given to the child who seldom laughs, whose physical condition prevents playing like other children, whose appetite is poor, and who tires easily.

If the lassitude is due to poor blood, which is often the case, a simple, safe, and pleasant remedy is within easy reach. Gude's Pepto-Mangan is just the tonic for pale, thin children. Gude's Pepto-Mangan contains the very ingredients that increase and enrich the blood, enabling it to supply the entire body with the sorely needed vigor, strength and vitality that make happy, romping children.

For the convenience of the public Pepto-Mangan is prepared in tablet as well as liquid form. Both forms possess exactly the same medicinal properties.

When you ask the druggist for Pepto-Mangan, look for the name "Gude's" on the package. If it is not there it is not Pepto-Mangan.

## CAPTAIN STEELE ADDRESSES BUSINESS COLLEGE STUDENTS

A very interesting address was delivered to the students of the Newark Business College on Tuesday morning by Captain Steele. He said following the War of the Rebellion thousands of young men who had served their nation, including himself, flocked to the business colleges of the country. A large per cent of the student body in those schools was composed of discharged soldiers. There were only a few business colleges at that time, perhaps, forty or forty-five located in the larger cities. Among the first were Eastman's College in Poughkeepsie, New York, Duff's Business College in Pittsburgh, and Packard's Commercial College in New York City. In these pioneer days of business colleges, there were few if any girls attending, while now there are more girls than boys taking advantage of commercial education. 12-3-11

## HALL-McCOMMON MOTOR COMPANY

Open For Business at 51 North Fourth Street.

The Hall-McCommon Motor Company is now open for business at 51 North Fourth street. They will carry in stock a complete line of auto supplies of all kinds and will specialize in parts complete for Ford cars.

The new proprietors Messrs Hall and McCommon are familiar with the automobile business in all its branches and are well known to the trade of Newark. Their long experience will enable them to give the best of service at the lowest prices.

Orren L. Hall is a native born resident of Newark and has resided in this city the greater portion of his life. After completing his schooling, Mr. Hall spent one year in the Ford Automobile factory in Detroit, after which he was transferred to the Ford Branch at Columbus, in the capacity of chief stock keeper, a position he held for three years. In 1916 when the H. B. Coen Company took over the Ford agency in Newark, Mr. Hall was transferred to the office and stock manager for the H. B. Coen Company. He remained with this company until its interests were disposed of to the Standard Motor Sales Company at which time he became secretary and treasurer of the new company, severing his connections a few months ago to enter upon his new business venture.

Mr. McCommon is an automobile man of long experience and is well known to the car owners of Newark and vicinity through his connection with the Standard Motor Sales Company. Mr. McCommon has been connected with a number of the leading car manufacturers and is familiar with all makes of cars.

He will be in charge of the mechanical department of the new firm and his one aim will be satisfactory service on all makes of cars.

The policy of the new company will be somewhat different from that of the average automobile establishment, as all work will be done under estimate.

The motto of the new company is, "If not in stock we will get it. If we cannot get it, it is not made."

## 15 EGGS A DAY FROM 23 HENS, IN WINTER

Mr. Duni's Hens Increased Every Day. Plan Is Easily Tried.

"We have 23 chickens and hadn't had an egg all winter. In five days after feeding Don Sung, we got four to five eggs a day; in three weeks, we were getting 10 to 12 eggs a day; in five weeks we got 15 to 19 eggs a day."—John Duni, Box 102, Cherry Valley, Pa.

Mr. Duni started giving his hens Don Sung in January, in zero weather. He now keeps his hens busy in cold weather, when hens usually stop laying. A trial costs nothing. Here's our offer: Give your hens Don Sung and watch results for one month. If you don't find that it pays for itself and pays you a good profit besides, simply tell us and your money will be promptly refunded.

Don Sung (Chinese for egg-laying) works directly on the egg-laying organs, and is also a splendid tonic. It is easily given in the feed, improves the hen's health, makes her stronger and more active in any weather, and starts her laying.

Try Don Sung for 30 days and if it doesn't get you the eggs, no matter how cold or wet the weather, your money will be refunded by return mail. Get Don Sung from your trusted poultry remedy dealer or send 50 cents for a package by mail prepaid. Russell Dugger Co., 284 Columbia Bldg., Indianapolis, Ind.

## QUESTIONING THE PRICE.

It is the opinion of many business men that great numbers of people are making purchases very lavishly and not questioning prices as they used to. One man tells of a family that never learned to keep their house clean, yet who all have fur coats, though they are indoor workers.

There are still great masses of people that never had advances in income comparable to the increased cost of living, and who frequently must study economics more carefully than ever before. But a multitude have fared well in the economic upheaval, and are spending money very freely.

This creates a condition that tends still further to promote a high price level. If the producing and distributing trades discover that people are willing to pay any price, they quickly conclude that they can safely stick on a little more. If they find people questioning price advances, they are cautious and inclined to keep old trade by doing business on a small margin.

In so far as people are buying better grades of textiles and other wearing material, they are making no mistake. But even here they need to study prices and see whether they are paying a fancy figure or not. There are always bargains to be had. Those who keep watch of newspaper advertising, find chances to buy a first grade article at the same price which the seconds bring regularly.

People who have simple tastes can still furnish a home without tremendous outlay. But many people who find themselves suddenly with money in their pocket, can't stand the glitter of diamonds and shimmer of beautiful fabrics.

Lavish purchasing lifts the cost of living all along the line, and leads to emphasis on production of costly articles, rather than the essentials of plain living.

The allied powers, which includes the United States, have now started in to beat out Germany in the commercial race, by talking and striking, while Germany is working.

Having saved 20 seconds by not looking at their gasoline tank before starting out, many motorists proceed to spend an hour, walking in to the nearest garage.

The minister who has just won the airplane race ought to be able to preach and open Sunday school at a considerable number of widely separated country churches.

The people who forget to buy their Christmas gifts early, will soon be complaining how disagreeable it is to shop when everyone is crowding into the stores.

Senators reported to have undergone some change of their sacred convictions since going home and finding how constituents are going to vote.

It is not reported that the people who criticize the churches most severely, have subscribed anything to pay the ministers a living wage.

The first punishment to be visited on the people who undertake to overturn the government, should be to make them take a bath.

Shortage of mosquito netting is reported for next summer, as the girls will take it all to make their waists of.

Steel strikers lost \$30,000,000 by their strike, but probably the agitators had their salaries paid.

## HOME TOWN FEELING.

Up to the time of the war, people used to say there was no patriotism in this country. Then the war came, and people gave their time, their money and their lives. The patriotic spirit had been there all the time, only there was nothing to bring it out.

It is just the same in regard to Home Town Feeling. Newark is full of it, of people who love this community, who would work just as hard for it, if the call came to them, as they worked in the war. But this spirit is largely unmobilized, and it lacks definite and direct objects.

Every individual in this community should realize that there is something that he could do and ought to do to realize the hopes of this community. He can help create here "The City Beautiful," one that shall be known far and wide as a model for its type, and which acts as a unite to accomplish all the brightest hopes and dreams of modern civilization.

## SENSATIONALISM.

(Columbus Dispatch.)

Writing of the American newspaper in the Atlantic Monthly, Mr. Charles H. Crusty states:

"In nearly every American city there is at least one paper that enjoys the confidence and affection of the community. There is reciprocal usefulness between the good newspaper and the good citizen, and using its strength to promote the welfare of its community. It must be admitted that the progress of our journalism in this direction was more or less affected by the wave of sensationalism that swept over the country. There are evidences that this movement has run its course and that our representative newspapers are going back to old standards."

The Associated Press has had a tremendous influence in bringing this about. That great news-gathering agency refused to be stampeded by the sensational days, when newspapers served by other agencies were seeking to build circulation with headlines. The papers served by the Associated Press encouraged it in staying away from the sensational and the doubtful, of course; they saw that it was better to have "the other class" of readers, and the Associated Press papers went their way firm in the conviction that in the end reliability and sanity would pay. We recall an occasion only a year ago when papers served by other news-gathering agencies were proclaiming a fake to the world, and selling thousands of papers on the streets. But within the week they had suffered so much in reputation by reason of their sensationalism and unreliability that the few dollars they gathered from an anxious public and the few subscribers they obtained through their fake, became high priced liabilities.

## BOSSISM.

(Philadelphia Record.)

The curse of our American political system is bossism. Theoretically we have government by the people. Practically we have government by a few powerful individuals. This is especially true in our conduct of city affairs. It is due to our own neglect. We have a Constitution and laws under which we can all participate in government. We neglect our right to do this. We leave the initiative to a few men who make a business of politics. They pick our candidates. They do our thinking. They make our laws. We do their bidding. And in bad government we suffer the consequences.

Union labor is suffering from the same ailment that afflicts our political system. The average union man is patriotic. He has no "Red" leanings. His biding is unquestionably obeyed. The results of tolerating bossism are as disastrous in labor circles as in politics. It is time for union men to exercise their individual duties and responsibilities. It is time for them to exercise more control over their own affairs. Their leaders are leading them where they do not want to go. The power they have thoughtlessly delegated is being abused. In the long run they will individually suffer for this perversion of their interests.

Labor can be powerful only so long as its power is used for legitimate ends. Labor leaders are aiming at purposes of which the majority of their followers do not approve. They are trying to make unpatriotic use of delegated authority. Their bossism is dangerous to the Republic. It should be overthrown. It can be whenever the union men perceive clearly what is being done in their name and choose to take an active part in shaping their own affairs. Political bosses and labor bosses are products of indifference. They can be swept away overnight when their victims listen to the voice of conscience and do their duty.

## QUIBBLING AND EVASION.

(Cleveland Plain Dealer.)

The only fact about the reported Mexican revolution which surprises Washington is that it came so soon. That events in and about the Mexican capital have been tenting toward an open attack on the Carranza regime have been known for some time. Carranza had but a short time to serve, but Obregon and his followers were becoming restless and disinclined to concede to the president even the shallow privilege of holding the office for the short remainder of his term.

Revolution may change the personnel in the drama of American-Mexican relations, but it cannot alter the necessity for a policy of firmness on America's part toward the republic below the Rio Grande. Carranza has been found utterly unreliable in his dealings. His control of Mexico has long been a joke. The United States has scrupulously observed all the diplomatic niceties in the discussion of issues between the countries, but every American has long known that in addressing Carranza this nation has addressed one whose authority was denied by millions of Mexicans, whose jurisdiction was challenged in vast areas of Mexican territory, whose government was merely a government upon paper.

Whoever stands as nominal head of the Mexican people must be made to understand that the rights of American citizens and of the citizens of every other country are to be strictly observed. The United States owes it to herself, to Mexico and to the other powers to see that Mexican indifference

## XV.—Mysterious Innuendo.

The arrival of a bell boy with Captain Moore's card, put an end to the discussion.

"Tell him to join us here," Bennett ordered.

Captain Moore obeyed promptly. "You're a lazy outfit," he greeted them. "Keitha, I'll wager you're responsible for this unseemly hour for an army man to be breakfasting."

"Mornings are a beastly bore" to Keitha grinned Captain Bennett. "She's in favor of the continental custom of 'petit déjeuner' in bed and let the day start when you're darned ready."

"Never mind, she's a little thingy. I'll get out of that quickly enough," Captain Moore assured him. "She's the most adaptable little girl in twelve states."

"Some girl, aren't you, Keitha?" Keitha smiled demurely with a mischievous twinkle. "But not nearly so nice as my successor," she corrected. "When is the wedding to be?"

Captain Moore rubbed his chin ruminatively. "Hanged if I know," he confessed. "It's just one of those indefinite engagements. You know the sort, old man," he addressed Captain Bennett significantly and the latter flushed slightly.

"Quite so," he agreed hastily. "She's a clever little trick. I congratulate you—if anything comes of it."

"Thanks," drawled Moore. "I've done the same for you a couple of times."

"What on earth are you boys talking about?" laughed Keitha. "You're as full of innuendo as a dowager."

"Merely Tom's idea of humor," explained Bennett lightly. "And some other fellows' ideas of honor," added Moore. "But, I say, you people, I didn't come here to indulge in repartee. I'm blowing town this afternoon for the Lone Star state and I dropped in to say 'so long.'"

"Oh, Tom, you're not leaving so soon?" cried Keitha regretfully. "Just when I'd found you again, too."

"Got to go—business," said Moore to the practices common to self-respecting nations shall no longer continue.

America has a special obligation in this field. America's policy toward Mexico has an influence all over the world. It has a particular influence in Central and South America. The position of the United States under the Monroe doctrine as natural guardian of the liberties of the western world will be jeopardized unless a policy be adopted toward Mexico which shall insist upon the establishment of a new law and order regime throughout Mexico.

The answer of Carranza in the Jenkins case merely piles up more testimony to support the fact, already amply proved, that no satisfaction is likely to be got from the shift "first chief."

The "strong representation" of our state department is answered with a quibbling denial of satisfaction. It is what might have been expected, but it does not promote continuation of cordial relations between the two governments.

Whoever occupies the seat of power in Mexico should be made to understand that the United States cannot longer endure a neighbor callous alike to propriety and obligation, whose continual turbulence is a source of danger to the continent.

## INDEPENDENT WOMEN

(Ohio State Journal.)

It has often been charged that when the women come to vote it only means one more vote for the husband. The suspicion was that the women had no ideas to express at the ballot box except what they got from their husbands. We heard two or three women talking the other day when one of them said: "My husband never knew how I voted and he never will know. Another added: 'My husband didn't know whether I voted or not; he certainly never suggested how I should vote.' It is highly probable that the exercise of the suffrage has made women more independent than they were, for it is an instance where the exercise of the most commendable pride that they are free and independent. Very likely the suffrage has not only been a right to women but also an encouragement to self-expression. We would not wonder, if there was a canvass made of all the male and female voters, it would be found that the best average voter of them all would be a woman.

briefly. "Can't afford to waste time and opportunity getting back into harness. There are going to be a lot of us with our jobs as it is and it leaves the early bird to search diligently for the worm."

"Of course you're right," agreed Keitha quickly. "I'm trying to persuade Lester that we ought to stop playing and go back to our jobs. I dare say we'll be leaving in a day or two."

Captain Bennett raised level brows. "See how hempecked I am?" he demanded unsmilingly.

"It would serve you darned right if you were," declared Captain Moore. "and it may be that Keitha is the one to do it. She's a plucky little youngster. Well, I'm holding along. He added, rising. It's been great to see you all again. Keitha, in spite of my earlier defection, I find that I love you still. If Le doesn't treat you right, drop me line and I'll be there on a special train."

"Ten's an old darling, isn't he?" commented Keitha, after he had gone. "An awful decent sort," agreed her husband. "Rather a rock-bound Puritan, but pretty human, taken by and large."

"Were you and he great friends in Paris?" Captain Bennett gave his complete attention to extinguishing the fire from his cigarette end.

"I'm—somewhat. We shared quarters part of a time."

"Oh! Then that's why he teases you about girls?"

"I didn't notice that he did," replied Bennett quickly.

"But yes," answered Keitha in surprise. "He and Captain Pennington, both. What was it? Did you have some romantic affair in Paris?" she asked mischievously.

The face that her husband raised to her was flushed with anger.

"For the love of Heaven, Keitha, don't run into a nagging wife?" he snapped.

Tomorrow—Keitha Rebels.

A tankful of Red Crown Gasoline makes the car fairly radiate power. It's because Red Crown is clean, gingery gas whose only function is to propel—to make most mileage. Does it without leaving carbon to cripple engine action and hasten repairs. Costs no more but does more. Uniform everywhere you get it.

Polarine lubricates as well as Red Crown propels—keeps gas from slipping past piston rings and cylinder walls—delivers it all to rear wheels as driving power. Practically non-carbonizing.

**Every Other Person Has Seborrhea**  
Nearly everyone suffers from the scourge of seborrhea.  
But there is no need for people longer to have dandruff and falling hair.  
Famo stops seborrhea and ends falling hair and itchy scalp.  
It destroys the seborrheic germ by penetrating to the hair glands.  
A healthy scalp results and vigorous new hair grows.  
Famo contains no alcohol to dry the scalp and cause grayness.  
It is sold on a positive money-back basis. If you are not satisfied with the results of the large bottle which costs One Dollar, your money will be returned.

There is also a small bottle of Famo at 35 cents. Famo is sold at all toilet goods counters and applications may be had at the better barber shops.

Seborrhea is a morbidly increased flow from the sebaceous glands of the scalp. The seborrheic eruption forms in scales and dandruff and is commonly known as dandruff.

### THE KING'S DAUGHTERS

Will hold a bazaar in their rooms December 6th, afternoon and evening. Fancy articles, aprons, quilts, comforts, music, etc., will be on sale. A booth for the sale of Red Cross Seals will also be provided for.

### HOLD MEMORIAL FOR MISS ANN ZOLLERS

Miss Blanche Loveridge, president of the Elizabeth Mather college for women, in Atlanta, and formerly dean of Shephardson college, writes interestingly of life in "The Gateway to the South," and encloses a copy of the college paper, which shows the increasingly prosperous condition of the school owned and managed by Miss Loveridge and which has Miss Hattfield, a Shephardson graduate as dean. Miss Loveridge mentioned the fact that as soon as they received news of the death overseas of Miss Ann Zollers, a student of hers at Shephardson, they held a memorial service for her, together with several of the war heroes, who belonged to them as a school. She mentioned also Miss Mildred Hunt as being at Forsythe, only 40 miles distant from Atlanta.

### WILL SELL PERSONAL EFFECTS OF MRS. ROSE

The King's Daughters in conformity with the expressed wish of the late Helen A. Rose, have taken charge of the more intimate of her personal belongings, such as would have gone to a daughter or to a near woman relative, and will offer them at a specially arranged booth at their bazaar Thursday in charge of Mrs. C. B. White.

### HERE AND THERE IN THE VILLAGE

The Granville Grange will meet and officers will be elected on Friday evening, December 5, at 7 o'clock in Odd Fellows hall.  
Mrs. Hubert Robinson will entertain the "Three M's and L's" society Thursday afternoon at 2 o'clock at her home in South Main street.  
Alfred Johnson, Denison, 18, who has been seriously ill with pneumonia in Dayton, is now improving, though not yet entirely beyond the period of danger. His father, Professor W. H. Johnson, has been with him since last Saturday morning. Mrs. Johnson was kept in New York by a badly sprained foot, which has made it impossible for her to walk for three weeks past. Her physician promises, however, that she will be able to walk within a few days.

**Soap in Shanghai.**  
There is a big demand for soap in Shanghai, over 100 brands of laundry soap being in use. 35 made in China from the abundant native fats and oils, 20 in Great Britain, 5 in America, 4 in Japan, 2 in France and 1 German brand made locally.

**Earliest Mention of Coal.**  
The earliest mention of coal in the territory now comprised in the United States is recorded in the Journal of Father Hennepin, who in 1679 refers to the site of a "cole" mine on Illinois river, near the present city of Ottawa.

### SEVEN FRATERNITY CHAPTERS THRIVE AT DENISON; TWO OVER 50 YEARS OLD

HERMAN SPENCER  
Kappa Sigma

The fraternity group in Denison has been enlarged of late years by the advent of local chapters of National Greek Letter fraternities until today there are seven live chapters instead of the three which so long held exclusive sway. Sigma Chi and Beta Theta Pi existed sub rosa in the early days, as the faculty had placed the ban on whole plan. However, they soon emerged from the cloud of official disfavor and for more than 50 years have been doing good work for Alma Mater, each in its own field. Many prominent men of affairs have kept in touch with Denison and with Granville through the lure of their fraternities, and scores of life-long friendships with Granville residents may be credited to the social jangling of town and gown in former days.

A younger brother in the family group of mature if not venerable years, is Phi Gamma Delta, for more than 35 years an increasingly powerful factor in Denison affairs. Lambda Deuteron chapter of Phi Gamma Delta was installed at Denison in 1885. A recent honor won by this chapter was the Newton D. Baker social service cup which is awarded annually to that chapter in Phi Gamma Delta ex-celling in religious, ethical and social activities in the school in which the chapter is located. Lambda Deuteron did not have any special feature for Denison homecoming Saturday because the custom of this chapter is not to initiate until the second semester.

Supremacy in fraternity life, as in other activities of the college is determined by other than merely social standards—although social tact is always a valuable asset—and presidents of fraternities are recognized for their standing outside their immediate groups.

Walter C. L. Hilscher, president of the local chapter of Sigma Chi, means more to the university than merely his membership in the "oldest frat."

James F. Roudeshush, president of Beta Theta Pi, was a live wire in other activities before his election to the presidency of his chapter.

Newton Leidy of Phi Gamma Delta, has earned recognition by numerous activities, as have Herman Spencer, president of Kappa Sigma; Dean Roussteel of Phi Delta Theta; George Hunt of Lambda Chi Alpha, and E. L.

JAMES F. ROUDESHUSH  
Beta Theta Pi

WALTER HILSCHER  
Sigma Chi

Mortz of Sigma Alpha Epsilon—all live wires in their respective lines of endeavor.

The Commons Club, an organization of a few years growth, has headquarters in March hall, and is filling a long-felt need in the college.

Last Saturday as homecoming day was celebrated by these fraternities with hospitality befitting the occasion, each entertaining its own returning alumni at its own lodge.

In the accompanying group of pictures are shown the presidents of four of the fraternities, James F. Roudeshush, being president of Beta Theta Pi, is a member of Phi Beta Kappa, Phi Mu Alpha, Senior Honorary society, coach of the freshman football team in 1919, vice president of the athletic association, and captain of the 1919 football eleven. During the war he was an ensign in the aviation branch of the navy serving from July, 1918, to April, 1919. He is a member of the class of 1920.

### SPENDS 30 YEARS AS B. & L. SECRETARY

Recognized as one of the silent forces of the community; honored for his integrity; respected for his safe and sane business policy, and enjoying the unbounded confidence of the public, "Squire" E. J. Dorsey is just rounding out thirty years of service to one organization, located in the same office in the town hall building in which he began.

E. J. Dorsey was born and grew to manhood on a farm in Muskingum

E. J. DORSEY.

county, near Zanesville and his "way of life" since then has been somewhat variable. Forsaking the farm in early life he chose the profession of teaching, which he followed for a number of years, until during the last year and a half of the Civil war, he became one of some fifty

Mrs. Wm. Howe, was chaplain and she opened the session with the exact prayer that the Rev. Wycoff gave on the day the bill was passed. Comedy was furnished when the committee on Liquor Traffic and Temperance heard the pleas of the dry soldier (Mrs. B. E. Hopkins), the wet soldier (Mrs. Howard Williams) and the Cincinnati brewer (Mrs. J. M. Swartz), and much interest was manifested in the subsequent proceedings when every member was given an opportunity to speak.

Sartorially the appearance of the legislators was severely correct, ranging in type from William Jennings Bryan to Buffalo Bill. The next stunt of this enterprising club will be held on December 9th at 2:30 before the Community federation and rumor whispers that it will be, in the language of the street, "some stunt."

Mrs. Wm. E. Collett, secretary, announces the next meeting of the Pioneer Mending Bee Thursday (tomorrow) afternoon at 2 o'clock at the home of Mrs. Sellers in Summit street and requests that members come prepared to be comforted.

The executive board of the Granville Branch of the Red Cross Public nursing service will hold its regular meeting on Friday morning at 10 o'clock. Miss Cron, supervising nurse of the State Department of Health will be at the meeting.

Prof. C. H. Dickerman, master of the Granville Boy Scouts, is giving the three patrols a good deal of his personal attention. Tuesday afternoon gave a "Pan Cake Bake" at headquarters for the 24 boys as a demonstration of out door efficiency.

On Thursday evening in the Presbyterian church Rev. Moses Ereeze of Columbus, will address the Women's Missionary society at their annual praise meeting at 7 o'clock.

This evening in Recital hall the Denison Conservatory of Music will present Mrs. Mary Reckford Fitch, soprano, in a song recital, assisted by Charles L. Buffel, bass, of Chicago, and Howard Bennece, accompanist. The program will begin at 8 o'clock. The public is invited.

The Peace chapter of the Legion of the Service Star will banquet the soldier boys of the community on the evening of December 9th at 8:30 in the Presbyterian church. If any mothers desire tickets for themselves or families, apply to Mrs. J. D. Thompson.

Mrs. Robert Carlton Morris of Toledo, national president of the Legion of the Service Star, will be guest of honor. Following the banquet at 7:30, in the auditorium of the Presbyterian church, there will be a public address by Mrs. Morris, who is acclaimed as a woman of exceptional eloquence, as well as of great ability.

Three charming plays are being enacted by second and third grade pupils in the public school this afternoon under direction of Miss Detweiler, who has dramatized "The Sleeping Beauty," "The Elf Shoemaker" and "The Pine Tree" for their use.

At the opening meeting of the Mother's club at the home of Mrs. C. D. Coates, Monday evening, the sponsors to roll call were "qualifications of parents." Music was furnished by Mrs. Ebaugh and her two daughters, who sang a group of songs by Florence Fox, the Kindergarten.

The address on "Child Psychology" by Dr. T. A. Lewis, was one of the finest ever heard in Granville.

George Curtin, a graduate of Denison, who was with the A. E. F. in France as captain of artillery, was a guest at the Buxton House Tuesday and also of his Sigma Chi brothers.

Mr. Curtin returned to Clarksville, W. Va., this morning enroute from California, with his bride.

**PIANIST IS NEXT ON  
FESTIVAL PROGRAM**

The Festival association, incorporated not for profit, is offering the second attraction on its 14th music course, in the person of Harold Henry, pianist, who will appear in the Baptist auditorium on the evening of Thursday, December 11, in a good program.

This artist is an American by birth, receiving his early musical and academic

clerks or attaches in the post quarter-master's office in Nashville, Tenn. After the war he turned to merchandising, the last eight years of her mercantile life being passed in his general store at Kirtsville. In 1879 he purchased the old College farm, west of Granville on which he lived until 1888, when he moved to Granville, erecting the dwelling in which he now resides.

Upon the organization of the Building Savings and Loan association of Granville Mr. Dorsey was chosen one of the nine original directors, and in December, 1899, was elected secretary, which office he now has held almost 30 years.

In 1893 he was commissioned a notary public and in 1895 was elected a justice of the peace, both offices being still held by him. Of course the "Squire" could not be justice so long without having solemnized a few marriages.

Mrs. Dorsey was formerly Miss Elma Grove of Newark township, and the three sons of Mr. and Mrs. Dorsey have succeeded in their respective lines of endeavor in a most gratifying way.

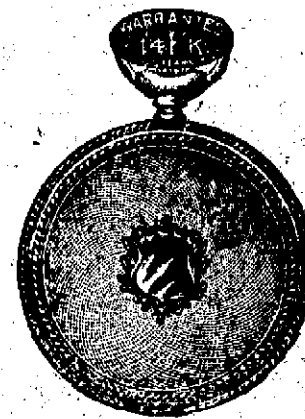

A capacity audience assembled Tuesday evening in the lecture room of the Baptist church on invitation of the Fortnightly club, to witness "The Passing Bill," which was as nearly as possible a reproduction of the actual occurrence in the 32d General Assembly last winter, when House Bill No. 24 as it was called, was passed. This was not a mock legislature nor a burlesque on legislative methods but was intended not only to entertain but to inform those who never had attended a session of the legislature and was directed by Mrs. John S. Graham. While it took the general assembly several months to follow the course of this bill from introduction to passage, the women of the club introduced it, held secret caucuses for and against, heard the three readings, amended, argued and voted upon it all within two hours.

The wet and dry forces were well aligned, the speeches were models of logic and oratory, the amendments promptly voted down, the bill passed, and the emergency clause lost. The author of the bill was Mrs. Harry Howe, of Home of Licking, the speaker was represented by Mrs. Hines, the clerk by Mrs. Parrish, Miss Charlotte Clark, or Clark of Cuyahoga, was Republican Floor Leader of the dry forces; Mrs. Coons (Coons of Hamilton) was Democratic floor leader and also of the wet forces; Mrs. Ray, or Ray of Lucas, was chairman of the committee on Liquor Traffic and Temperance.

ic teaching in this country. At the age of 18 he went to Europe to continue his studies under Dr. Ernest Jedlicka, pupil of Rubens and Tscholkowsky. Upon the death of Jedlicka, Henry went to Paris where he studied for one year with Mosz Kowski. After four years abroad he returned to the United States, since which time he has played in all parts of the country, both in concert and as soloist for the New York Symphony, the Chicago Symphony, the Minneapolis Symphony and the Chicago Philharmonic orchestra.

"Thoroughly American in appearance, unaffected and magnetic, Mr. Henry goes about his task in a sincere and effective fashion," one critic said of him. Mr. Henry was in an officers training camp when the war ended. The concert will be given at 8:15 p. m. Baptist auditorium.

**AUDITORIUM.**  
"Madge Kennedy Tonight."  
The Auditorium is screening the return engagement of the Goldwyn feature "Through the Wrong Door." The Madge Kennedy photoplay that made a big hit at the Alhambra some time ago.

Several special added features are promised, among them being the single reel Red Cross Picture "Rumanian Relief," showing what the Red Cross really is to the public. This is said to be a wonderful subject and should be seen by all. An Outing Chester is also shown.

"Maytime," the novel play with music which ran two years in New York, five months in Boston, and six months in Chicago, comes to the Auditorium theater, Friday night, December 5th. This exceptional attraction

Prince, she gladly enters upon her banishment with the man she loves. "Resurrection" will be shown at the Alhambra theater today. There is an unusually strong list of characters portrayed by capable players. This feature runs over Thursday.

**"Bonds of Love."**  
The attraction at the Alhambra Friday and Saturday will be the Goldwyn feature "Bonds of Love." This is the starting of the new 1920 series of features of the Goldwyn program.

**GRAND.**

YRA JEANNE AND JAMES R. MARSHALL IN "MAYTIME"

is under the direction of Messrs. Lee and J. J. Shubert and has already established itself as the most successful musical entertainment the American stage has known in a decade.

The extraordinary vogue the amusement loving population has accorded "Maytime" would seem to be due to the fact that as one New York critic wrote, "it has that rarest of all things—a new stage story." Also it in novella resembles the conventional musical "Maytime" is indeed a play with music for its musical complement embellishes the dramatic theme by dovetailing perfectly into the action of the story. The plot concerns a tale of inherited affections whereby grandchildren realize the shattered romance of their ancestors. New York City is the locale of all the scenes and the development of the story covers a period of almost eighty years. Starting in a Washington Square Garden in the crinoline days of 1840, the audience is given widely varying pictures of metropolitan life in 1855, 1880 and, finally, the rushing world-center of today. The staging is on a sumptuous scale, rich in its appearances and true in every detail to the different eras. Seats now selling.

"The Miracle Man."  
Published originally as a novel in

SCENE FROM "THE LOST PRINCESS"

Munser's magazine, written by Frank Packard and later dramatized by George M. Cohan and presented with phenomenal success on Broadway, the Paramount-Artcraft pictures, "The Miracle Man" comes to the Auditorium theater on Sunday next. As a motion picture this absorbing story has been hailed by the critics as one of the finest productions ever seen on the screen. With scenes laid in the haunts of criminals in New York's Chinatown, in a little village on the side of a giant mountain and on the shore of a roaring ocean, the opportunity for wonderful photographic effects has been realized to the limit.

But the chief interest is in the striking story, which centers about the venerable figure of an old patriarch, who is credited with the power to heal the sick and make crippled limbs whole again. To him comes Tom Burke and his band of crooks from New York's Chinatown with the idea of cashing in on his powers.

**ALHAMBRA.**  
"Resurrection."

The double stand of morals, the cruelty and brutality practiced upon prisoners by Russian officers in the days of monarchy, are the central notes of "Resurrection," the powerful new Paramount picture, starring Pauline Frederick, which has just been released. The central figure of this great story by Count Leo Tolstoy is Katusha, a beautiful half Gypsy Russian girl, who is betrayed by a Prince. In accordance with the custom of the old regime of Russia, she becomes a woman of the streets and through an accident is finally sentenced to imprisonment in Siberia for a crime of which she is innocent.

On the jury, which convicts Katusha, is the soft-same Prince who is responsible for her degradation. He pleads with the Czar in her behalf and obtains her pardon, and he presents this to her guard just in time to save her from the advances of a brutal officer. The Prince offers to marry Katusha, but she has learned to love a simple peasant who befriended her in her travels over the snowy wastes, and preferring him to the splendid

ed Hearts" and Kinograms are the added features.

**GEM.**  
A delightful vehicle of entertainment that ends its run here tonight is "The Lost Princess" at the Gem theater, the Fox photoplay in which those brilliant twin stars of comedy drama, Albert Ray and Elinor Fair, have made one of their biggest hits.

**LYRIC.**  
Another large crowd witnessed the performance given by the Hawke's Bonbons at the Lyric last evening. The show is brisk and breezy and seems to catch on with the crowds who have seen it. This evening the bill changes.

### TO THE PEOPLE OF NEWARK AND LICKING COUNTY

Justice to the interests of this community which this Chamber of Commerce represent, demands that the people of this city and of Licking County be given the **FIRST OPPORTUNITY** to subscribe to the issue of the 8 per cent preferred stock of the Pharis Tire and Rubber Company.

**FIRST:** Because this investment is too good to be allowed to go outside of the county.

**SECOND:** Because the stock offers a high rate of income, coupled with extraordinary security.

**THIRD:** The money will not only be well invested for the individual, but it will be well invested for the community's good, as it will be spent in Newark in the development of Newark. The proceeds of this stock issue will be used to increase largely the capacity of the present plant, furnishing more labor, with consequently increased pay-rolls and larger sums of money to be spent among the merchants of this city.

**FOURTH:** The people of Newark and Licking County should own the securities of their industries. Make your investments build your community. Let the other fellow build his.

NEWARK CHAMBER OF COMMERCE

W. W. Davis, President

This issue of securities is endorsed by **ALL OF THE BANKS** of Newark. It is secure, remunerative, patriotic. Your banker will take your subscription as he did when you subscribed for Liberty Loan Bonds.

Indigestion, Acidity, Sourness and Gases ended with "Pape's Diapepsin"

The moment you eat a tablet or two of Pape's Diapepsin all the lumps of indigestion pain, the sourness, heartburn and belching and gases, due to acidity, vanish—truly wonderful! Millions of people know that it is needless to be bothered with indigestion, dyspepsia or a disordered stomach. A few tablets of Pape's Diapepsin neutralize acidity and give relief at once—no waiting! But a box of Pape's Diapepsin now! Don't stay dyspeptic! Try to regulate your stomach so you can eat favorite foods without causing distress. The cost is so little. The benefits so great.

**COLDS CHECK GROWTH**

Boys and girls cannot stay strong if they are allowed to suffer from this aggravating ailment. There is a way to stop it—a way to overcome it. It has been proved by thirty-five years of success, and is without a single harmful experience. Keep a bottle of Dr. Duff's Cough Syrup in the house this winter. At the first symptom of a cold, or upon undue exposure, give the youngsters the relief they need. Keep them free from coughs and colds, croup and bronchitis. They will grow faster, be brighter, suffer less in years to come. This old reliable remedy has an unfailing record. Thousands of people who have used it for a generation say they can't keep house without it. You will say so, too, when you have tried it. At druggists and grocers—25c and 50c a bottle.—Adv.

**ORDINANCE NO. 3057.**  
By Mr. Knauber.  
Establishing Fire Limits and regulating the building thereon.  
Be it ordained by the Council of the City of Newark, State of Ohio,  
Section 1. That the following sections of the City of Newark, Ohio, bounded on the north by the north line of Locust street, on the east by the east line of Front street, on the south by the north line of the B. and O. and P. C. and St. L. Railway companies right of way, on the west by the west line of Fifth street, be and are hereby established and declared to be the Fire Limits of the City of Newark, Ohio.  
Section 2. No frame building or structure shall be erected within the Fire Limits, as above established, except the following, and all roofs placed upon such buildings or structures shall have approved covering, and be of incombustible material.  
(A) Temporary one-story frame buildings for use of building at temporary stands, platforms, booths and tents, for which permits shall be obtained from the City Engineer. Such frame structures for the use of builders in connection with the erection, alteration, remodeling or repairs to, or remodeling of an old building, shall be removed as soon as they have ceased to serve the original purpose for which they were permitted.  
(B) One-story shed open on the long side, not over 15 feet high, with sides covered with incombustible material, and with an area not to exceed 500 square feet, a wooden fence shall not be used to form the back or side of such sheds.  
(C) Wooden fences not over 10 feet high.  
(D) Piazzas or balconies not exceeding 10 feet in width or extending more than 3 feet above the second story floor beams. No structure shall extend beyond the lot line or be joined to any similar structure of another building.  
(E) Bay windows when covered with incombustible material.  
(F) Small outhouses not exceeding 150 square feet in area and 8 feet in height.  
(G) Ice-houses not exceeding 15 feet in height nor more than 300 square feet in area, wooden sheds, ice-houses or out-houses shall not be located within five feet of any lot line, nor less than 30 feet from any building over one story high.  
Section 3. When a building or buildings are being torn down, all wreckage shall be removed as fast as torn down and not piled or stacked on street, alley or premises within the established Fire Limits of the City of Newark, Ohio.  
Section 4. Any person, persons, firm, or corporation violating any of the provisions of this Ordinance shall be deemed guilty of a misdemeanor and upon conviction thereof, shall be fined not less than \$5.00, nor more than \$50. for each offense, each act committed in violation of the provisions of this Ordinance shall constitute a separate offense.  
Section 5. That all ordinances and parts of ordinances inconsistent herewith and the same are hereby repealed.  
Section 6. That this ordinance shall take effect and be in force from and after the earliest period allowed by law.

**SAVE YOUR TEETH FROM PYORRHOEA**

Before They Loosen and Fall Out—Tender, Bleeding Gums are Warning Signs of Dangerous Riggs Disease. How to Treat at Home.  
Don't lose your teeth from Pyorrhoea or Riggs Disease. It's unnecessary now. There is no reason why anybody cannot have good firm teeth and healthy gums and be free from the humiliation of sore, diseased gums and unsightly, decaying teeth.  
You needn't have your teeth pulled or wear false ones. Simply go to T. J. Evans or any live local druggist and ask for one ounce of Epithol—remember the name E-P-I-T-H-O-L, and use it as directed.  
This is the prescription of a famous New York dentist and it seems to work like magic on loose teeth and sore, tender, inflamed, receding, shrunken, spongy, bleeding or pus-discharging gums. Teeth tighten and the bleeding gums discharge soon stops. Sore dentists and users are amazed at the wonderful improvement it brings so quickly. T. J. Evans and other druggists who dispense Epithol on the positive guarantee that unless it cures satisfactory results the money paid for it will be refunded. This makes its trial a safe and easy matter and certainly proves its value.—Adv.

By Mr. Riggs.  
To vacate East Street from the east line of lot No. 2884, in James E. Thomas' addition to the City of Newark, Ohio, eastwardly to the North Fork of Licking River.  
Whereas, on the first day of December, 1919, a petition by the owners of lots in the immediate vicinity of East street, from the east line of lot No. 2884, in James E. Thomas' Addition to the City of Newark, Ohio, eastwardly to the North Fork of Licking River, was duly presented to Council, praying that said street between the points named be vacated, and  
Whereas, consent from all the abutting property owners of lots abutting on said street between said points, has been filed with the City Council consenting to the vacation of said street, and  
Whereas, Council upon hearing is satisfied that there is good cause for such vacation as prayed for and that it will not be detrimental to the general interests,  
Now therefore, be it ordained by the Council of the City of Newark, State of Ohio,  
Section 1. That East street from the east line of Lot No. 2884 in James E. Thomas' Addition to said City of Newark eastwardly to the North Fork of Licking River, be and the same is hereby vacated.  
Section 2. That this Ordinance be and remain in force from and after the earliest period allowed by law.

**SCHOOLS SHOW GOOD RECORD FOR NOVEMBER**

Attendance and Regularity Better Than Last Year, Report of Superintendent Barnes Reveals.

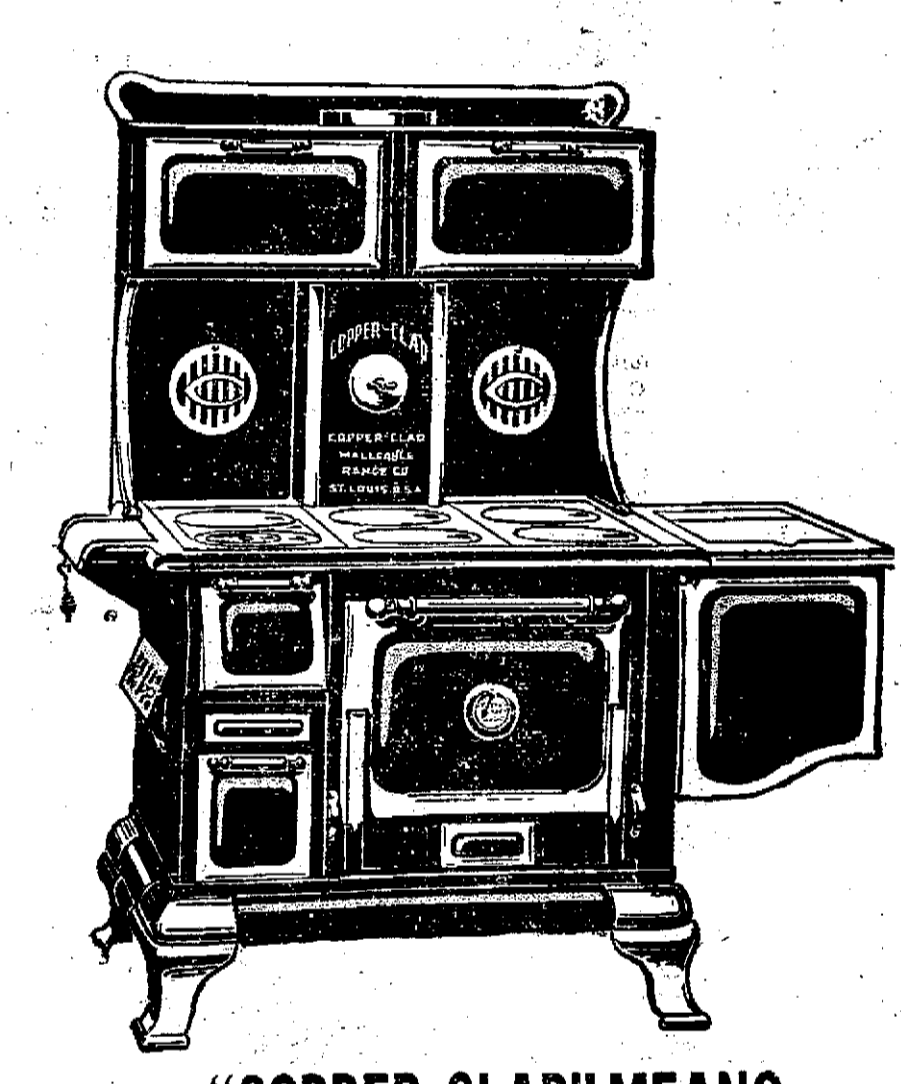

The schools the past month have an excellent record. The teachers' reports show 84 visits to the homes of children, 121 visits made by parents, 261 visits by others, 62 visits by the superintendent of schools, 450 visits by the principals, according to the monthly report of Supt. O. J. Barnes.  
During the month, through the efforts of the schools \$841 was raised for the benefit of the public library and \$731 contributed by the teachers and children of the schools for the benefit of worthy poor children of the city. This offering for the poor children is more than \$300 in excess of any previous Thanksgiving contribution.  
Also during the past month socials were held in the Hartzler and Hudson avenue schools. Hartzler school cleared \$201 and Hudson avenue \$303. This money is to be used for the purchase of things needed in those buildings.

**WOMEN IN BUSINESS.**  
Woman's power in America is well illustrated by the thousands of women who entered almost every line of business to replace men who were drafted during the war. Health proved their strongest asset. Many women, however, developed weak, nervous conditions and could not stand the strain of a business life. Such women should remember there is one tried and true remedy in Lydia E. Pinkham's Vegetable Compound, which for forty-five years has been restoring health and strength to the women of America.

**THE RANGE BEAUTIFUL**  
The striking beautiful outlines of the Copper-Clad Range stops every woman. As she looks and admires, she finds that it is true beauty—the beauty of simple elegance and perfect proportions—of fine finish—the thoroughbred of the Range World.  
Look for hinges on the above—two only on the oven door and they are long and smooth. There are six other doors yet not a hinge insight, not a catch, nor hook nor latch. Built like fine automobiles, the hinges are all inside.

Be it ordained by the Council of the City of Newark, State of Ohio,  
Section 1. That Section 222 of Ordinance No. 1492, an Ordinance providing for the issuance of Building Permits, be and hereby is amended so as to read as follows:  
The fee charged for building permits in the City of Newark, Ohio, for erecting, repairing, except repainting, roofing and other minor repairs, or remodeling shall be:  
50 cents for a maximum cost of \$500.00  
\$1.00 for a maximum cost of \$1,000.00  
\$1.50 for a maximum cost of \$2,500.00  
\$2.00 for a maximum cost of \$5,000.00  
\$2.50 for a maximum cost of \$7,500.00  
Three dollars for all buildings, repairs, or remodeling at a cost over \$7,500.00 outside of the Fire Limits.  
Five dollars for all permits in the Fire Limits, excepting buildings, or additions to buildings that are used exclusively as dwellings and not for commercial purposes, when the rate charged outside of Fire Limits shall be applied.  
That the Director of Public Service be and is hereby directed to prepare a proper form and receipt for the permits issued under authority of this Ordinance, said form to be signed by the applicant who must be the owner, owners, lessee or agent of the owner or owners or lessee of said premises. Improvement, said permits to be issued by the City Engineer, who shall issue a certificate of inspection, after a personal inspection of improvement, bearing the same number as the permit for said improvement, said inspection to be made at completion of improvements.

**This SET OF ELEGANT ALUMINUM WARE Free**  
IF YOU BUY A COPPER-CLAD RANGE THIS WEEK

"Free" means that this ware does not cost Copper-Clad buyers a single penny. It is a reward for buying while the Crank is here and is offered by him to justify you in attending this sale.  
This ware is very substantial and just the kind that you would select if buying for your own use. The 7-in-1 convertible cooker takes the place of seven different vessels, as shown by figures 1, 2, 3, 4, 5, 6 and 7. You can use this utensil in some form every day.  
Free to every Copper-Clad buyer during this sale  
Come—See the Asbestos Sweat.

**Copper-Clad Week --- All This Week**

No matter whether you want a range now or next year or any other time, it will pay you to come and see the Copper-Clad Crank make the Asbestos Sweat.  
He takes any piece of Asbestos, puts it between two iron plates—heats it—and shows you the sweat. You can roll it up in drops with your finger.  
Every good range must be lined with asbestos to cage and hold the heat around the oven and keep down fuel cost. Every time the range cools off, the asbestos takes moisture out of the fresh air circulating through the range like a blotter takes up water. When you fire up, this moisture is driven by the heat to the outside against the cold range body and starts Sweat-Rust on the inside where you can't get at it even though you know it rusts. Sweat-Rust ruins thousands and thousands of other-wise good ranges every year. When the body is gone, the range is done for.  
The Copper-Clad Idea Is "Pure Sheet Copper Between the Asbestos and Range Body"  
Copper never rusts. It may tarnish but it will last centuries. There are Copper Domes that have been defying the elements for hundreds of years. So, when we say a "Copper-Clad can't rust out," we mean that the copper lining overcomes all internal rust. Your greasy rag will keep the outside free of rust—and there are no fussy ornaments full of rivets and bolts to skin your hands.  
The Copper-Clad wipes clean like a dish.  
If these things are so—you should know it. Not by hearsay—but by the evidence of your own eyes. Remember, this Copper-Clad Crank is here to tell—to show—to explain. He delights in it. You won't "bother" him by asking questions. He has oodles of time to answer and he is here to "Show You."

Rev. H. H. Hudson, pastor of Carmel

Christian Union church, will begin

revival services Thursday evening.

Takes Georgetown Room.

George J. Adams, proprietor of the

Georgetown room, announces that

he has obtained a lease on the

room formerly occupied by Giorgetti

adjoining the Meyer-Lindorf store, and

will soon open a confectionery, ice

cream and cigar store there. He will

also continue the business in the Ar-

cade.

Takes New Position.

Mrs. Glenn Stowell has accepted a

position in the lace and trimming de-

partment of the Meyer and Lindorf

company.

Recovers Valuable Watch.

Lois E. Krannes of Madison Heights,

East Newark, is today grateful for the

honesty of one of the patrons of the

Auditorium theater last evening. While

attending the show there Mrs. Krannes

lost her watch. It was turned in to

the management of the theater, who

returned it to her owner.

Auto Thief Not Identified.

Police Chief James Sheridan returned

from Cambridge last evening where

he had gone in the hope that the young

man he there for automobile theft

might throw some light on the stealing

of the Dr. C. L. Wyeth car in this

city several weeks ago. Chief Sheri-

dan after an interview with the pris-

oner was convinced that he knew noth-

ing of the theft.

Dentists at State Meeting.

A number of local dentists left this

morning for Columbus to attend a

state meeting and clinics of the den-

tists of Ohio. Sessions were held this

morning and the afternoon and a ban-

quet will be served this evening which

will be followed with clinics and lec-

tures.

THE NEXT TO GO

FIGHT TUBERCULOSIS

Red Cross Christmas Seal Campaign

Heralding abroad a message of hope, this picture appeal goes forth into

the highways and byways of America—an insistent reminder that the coun-

try's greatest health menace, tuberculosis, is both preventable and curable.

The poster is issued by the National Tuberculosis Association, which directs

the annual sale of Red Cross Christmas seals from which its funds are

chiefly derived. The organization has set \$5,500,000 as its goal for the seal

sale campaign this year.

## The Happiest Season Of the Year Is At Hand

Everybody is thinking of something to give to make others happy. This store is filled with more sensible Christmas gifts than ever before, and gift buying is already well underway in every section. As most of these articles cannot be replaced when these are sold, we want to impress upon everyone the importance of beginning their Christmas shopping without delay.

**LET YOUR GIFTS BE THOSE THAT ENDURE—  
THAT SERVE A HELPFUL PURPOSE TO THE RECIPIENT**

### A NEW SUIT — OR — A NEW COAT

A gift that will give pleasure long after Christmas day—and the many handsome models in both coats and suits give one a wide range from which to select, but let us remind you to make your selection very soon, as many of these are only one of a kind, and soon the more choice ones may be gone.

### SOMEBODY WILL BE EXPECTING FURS

And they are a gift that will last for years. Givers of furs will do well to select at once while the assortment is at its best. It may be a fur coat—a neck piece—or a muff, anyone of which will make a choice gift.

### A HANDSOME WAIST

One can have such a variety to select from, but perhaps a dainty Georgette will be most pleasing. There are street shades, as well as delicate flesh—maize and white. Some are braided—others beaded—some fine tucks—while some show dainty embroidered designs.

*W. H. Mazy Company*

**IN** his diary, Sir Walter Scott reveals that his best thoughts came to him during the shaving hour, just after he awoke. Even in his greatest prosperity, the famous author of "Marmion" always performed this homely task himself, considering it a "hardy and independent personal habit."

And this lovable, simple country gentleman used a razor which justly rewarded his skill—that old time model whose perfect balance makes it seem part of your own hand—a long, keen blade that can lie on your cheek at only one—the right—shaving angle. All that Scott's fine old razor needed to make it a perfect shaving tool was the double-edged, guarded, detachable blade of the

## DURHAM-DUPLEX A Real Razor—made Safe

Lay this real-razor-made-safe against your cheek. It feels as comforting and shears as smoothly as the old-time blade—only it won't cut your face. And because it has two edges, it naturally doubles your blade mileage. In addition it has the longest, strongest, keenest, best-tempered blade on

earth—a blade that you can instantly detach and strop or hone and so save money. These vital improvements on what hitherto has been the best of all razors have led seven million men to change to the Durham-Duplex, a real razor made safe. Why not have these extra conveniences for yourself—today?

## 4600 MONEY CLUB CHECKS TO BE MAILED

The "Santa Claus" association is an appropriate name for The Home Building association company, for over 4,600 Christmas Club savers have been depositing weekly so they would have money for Christmas giving and other worthy purposes.

The 1919 Christmas money club closed Saturday, November 29, and the staff of the institution are busy balancing the Christmas accounts and making out the checks which will be mailed soon.

The exact number of money accumulated by the Christmas Club members is not yet available but it will exceed \$145,000.

When the checks are mailed an announcement will be made.

## CAN RECRUIT MEN FOR NAVY TRADE SCHOOLS

The qualifications for entrance to apprentice schools of the U. S. navy are for the time being suspended. It is placed at the discretion of recruiting officers to send likely material to the trade schools of shipfitters, shipwrights, blacksmiths and painters.

Authority is granted to enlist young men who have the desire for the trade, as apprentice seamen for shipfitters, shipwrights, blacksmith and painters. It is directed that men so enlisted be sent to the naval training station, San Francisco or the naval training station, Hampton Roads, for instructions in the trade schools.

This word was received yesterday at the local recruiting station, 8 West Main street, Newark, Ohio.

## SCHOOLS SET NEW RECORD IN THANKSGIVING OFFERING

For the past eight years it has been customary in the public schools for the teachers and children to make a free will offering at Thanksgiving time for the benefit of worthy poor children who attend the public schools in the city. The first collection of this kind was taken in 1911 when the amount secured was \$73.35. There has been a gradual increase from year to year and last year the amount was \$124.17. The offering this year exceeded all expectations as it is the largest offering by over \$300 ever made in the schools for the benefit of the poor children.

On the basis of the enrollment of pupils, the high school stands first, giving 29 cents per pupil. Of the grade schools, East Main street stands first with a per capita of 23 cents. Central second, per capita 25 cents; Conrad third, per capita 18 cents; Woodside fourth, per capita 16 cents; and Cherry Valley fifth, per capita 13 cents. The amounts given follow:

High school	\$234.90
Central	107.00
East Main	84.25
Woodside	66.08
Conrad	48.26
Mound	37.50
Mahom	35.75
Mill	25.55
North Fourth	21.80
Hartzler	18.00
Cherry Valley	16.30
Riverside	12.12
Hudson	11.09
Keller	10.555
Franklin	1.75
Texas	1.00
Total	\$731.60

## SAYS NEWSPAPERS FACE PRINT PAPER SHORTAGE

That newspapers of the country are facing a crisis due to the shortage of print paper and that within the next few weeks hundreds of small papers will be forced to suspend publication were high spots in the discussion of newspapers and newspaper advertising presented to the Rotary club Tuesday noon by Arthur M. Crumrine president of the Arthur M. Crumrine Advertising agency of Columbus. Mr. Crumrine traced the development of newspapers and advertising from the postmasters bulletins of Colonial days up to the great city publications of the present.

Mrs. Harry P. Scott asked the cooperation of the Rotarians in the sale of the Red Cross seals and on motion of Dr. C. B. Hatch the club instructed the board of directors to confer with the women's committee and with the Kiwanis club in formulating plans to assist in the work.

Fred Carlisle was received into membership in the club and was presented with a Rotary button by C. Harrington Davis.

## "WILD DOGS" SLAUGHTER MADISON TOWNSHIP SHEEP

The regular quarterly session of the county commissioners is being held the first three days of this month. It is today the officials were busy examining and approving sheep claims, 28 of which had been approved. The greater number of the sheep killed and maimed by dogs was in Madison and Franklin townships and officials at state was probably due to the homeless curs as the "wild dogs" of the region who are said to rendezvous in the vicinity of the fertilizer plant.
